# ABOUT US

Minaz Tekstil is actively in production since 1994. After moving our facility from the Netherlands to the Antalya Free Zone, we expanded our unique product range of fashion wear in designing, developing, and sewing. Our 35 years of experience united with our strategic position in the Antalya Free Zone provides our partners many benefits including the tax on the import of fabrics from various countries to our facility.

## WHY US?

### Flexible

- Women and kids wear
- Within 10-14 days of sampling
- Within 4-6 weeks of production lead-time
- Knitted jersey fabric garments
- Light woven fabric garments

### Quality

- 35 years of experience
- Designing, Pattern making, and sourcing options
- Fluent in English, Dutch, and Turkish-speaking representatives.
- Styles with difficult workmanship

### Antalya Free Zone

- No customs duty is applied to the goods.
- Free zone users can buy without paying VAT.
- Import fabrics from countries as, Italy, France, China, Germany) and export them without any import cost duties.

# STYLES WE PRODUCE

## Kids

As an experienced kids clothing manufacturer, we started our own collection and brand named Mudita. We created two different collections named Spirit of Nature and Japanese Minimalism, existing of woven, light woven and knitted fabrics.

## Woman

For the previous 15 years, we have been, mainly, producing for the dutch brands. Our flexibility provided us to focus also on light woven fabrics, mesh qualities and knitted fabrics at the same time.

## ATESHH

Fabric composition: Mesh quality 95%  
Polyester 5% Elasthane

Inspiration came from far eastern motives with sexy prints on the current fit styles.

## BY THE WAY

Fabrics with a more formal vibe and also a mixture of sustainable composition. The mix of formal clothing with sustainable fabrics
